Computing – Business and Communication Systems GCSE (AQA)
YEAR 10:

TERM 1	TERM 2	TERM 3
Pract: Websites Detailed Theory revision and overview Practice past Practical Exams	MOCK REVISION AND MOCK Practice papers and Revision	Practice papers and Revision

How we support learning:

- Each student gets feedback on their practical and theory exams work with personal goals.
- Tasks are tailored for each student's individual ability and speed of progress, with more able students getting ahead of others and thus completing more exams quicker and moving on to more challenging tasks.
- Students are encouraged to do extra practical and theory practice papers at home.
- Offering individual teacher support in the classroom as required
- Provide personalised support outside the classroom as necessary

How parents can support learning:

- Provide access to personal computer at home with appropriate software
- Encourage computer use at home
- Support homework activities for other subjects using computer
- Encourage effective management of a revision schedule
